A Fantasy Remembered

For our 3-month anniversary I had to work all day and was really bummed that I couldn't be with my boyfriend. When I got off work I called him and he said that he was tired and that we could see each other tomorrow. I was really disappointed but I was too tired to care. When I got home I went into my room and found it covered with long-stemmed roses. There were petals everywhere and 12 long-stemmed roses placed differently around my room. My boyfriend had even taken off the petals and sprinkled them in my bathtub. Also he had picked out a glass swan that had a rose and babies breath hidden inside. This was a fantasy that I had told him once and he remembered. I was so shocked that I stood there for about 10 minutes just gawking at the whole thing. I knew right there that I loved this man, and that I wanted to spend the rest of my life with him.:S
