A Little Means A Lot

For my birthday one year, I had gotten a beautiful bouquet of flowers, and a package in the mail. In the box was a small stuffed mouse wearing overalls. The overalls had a little pocket in the front, and inside the little pocket was a thimble ... for those of you who might not know your children's stories the thimble is a symbol for a kiss. The simple thought and idea made me speechless! I was so happy! I still have the thimble and mouse in my memory box.
