### My Snow Bunny

Several years ago I was working at a ski resort and living at the resort. One cold snowy night my girlfriend at the time had had an argument with her ex, and was upset and crying. Unknown to me she had driven for an hour in her pj's in the cold, rain and eventually snow only to have her car get bogged in snow about 1/4 mile from where I was staying. It was about 1am in the morning and I was fast asleep when she came into my room and crawled into my bed almost frozen solid. It was such a shock and amazing surprise, we made long slow love which warmed her up and we slept together like toast. It was the most romantic thing that anyone has done for me
